For obtaining data under a unique code

REQUEST

27 December 2020

Our company has purchased 1/3 (one third) of the parking place. There is one unique number for this parking place for all three co-owners.

1. **Question:** Is it possible to obtain information on co-owners **under a unique code** in the Center of Registers?
2. **Question:** Are the service mentioned in the first question not available and information on co-owners can only be obtained by address?

Director-Auditor of Raimda auditas UAB
